

# TURNOUTS

(WOOD, STEEL OR CONCRETE)

Atlantic Track offers both packaged and panelized turnouts that include all necessary switch components, fasteners, rail and OTM needed for install.

With in-house engineering design and support, our technical sales staff has the resources and expertise needed to provide our customers with real solutions, no matter the application.

Whether a project calls for quick ship turnout packs or made-to-order assemblies, Atlantic Track manufactures value.

### How can we meet or exceed your needs?

- Atlantic Track not only panelizes complete turnouts, but engineers and manufactures all turnout components for maintenance or replacement applications, in-house.
- The use of fixed jigs and fixtures along with a robust corporate quality program assures proper gauge and alignment to meet customer specifications.
